## September 2022 Newsletter

## Swim England Teaching and Education Conference

Richard and I had a great day at the Swim England Teaching and Education Conference yesterday! It was SO good to be out and about again and not limited to virtual conferencing. We thoroughly enjoyed seeing some familiar faces and meeting lots of new people, and catching up with lots of different aquatics professionals.

## STA Conference 2022

Our next stop will be at the STA Conference in Leicester in just four weeks. As one of the STA's partners, don't forget that all STA members are entitled to 10% off their core software fees as part of their membership package. We will be in the exhibitor area all day Friday 28th and Saturday 29th October and we are sponsoring the first drinks at the 90th Birthday Party on the Friday night. If you are attending, please let us know so we can keep an eye out for you! If you haven't got tickets yet, there is still time!

# Facebook

Do you follow our Facebook page? If not, pop over and click follow / like!

We post great competitions, offers, news, developments and ask for your input on our page, as well as sharing anything else we spot that might be of use or interest to you! [www.facebook.com/MorSolutionsLimited](http://www.facebook.com/MorSolutionsLimited)

## Aspire Channel Swim 2022

It's not too late to sign up for the Aspire Channel Swim Challenge – a challenge for swimmers of all ages to swim 22 miles, in any pool, over a 12 week period between 12th September and 5th December.

The challenge is great, because it is so flexible and doesn't need to be done in one go, and you can manage it over the 12 weeks to suit you! You don't have to complete it on your own either – you can do it between a group of you, whether it be your family, friends or even as a swim school!!

The challenge has been taking place for 23 years, and it would be amazing to see more swim schools getting involved.

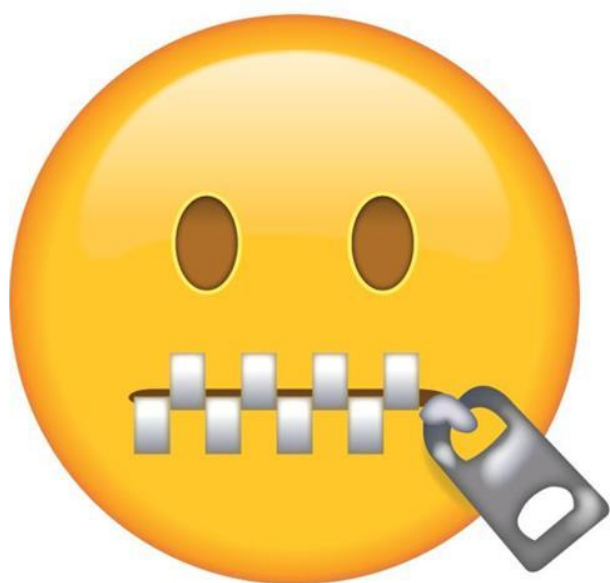

For those of you who aren't familiar with the charity, "Aspire provides practical help to people who have been paralysed by Spinal Cord Injury, supporting them from injury to independence".

Pool Challenge

For more information on the Challenge, and the charity, please head over to [www.aspirechannelswim.co.uk](http://www.aspirechannelswim.co.uk) where you can find some great resources, and more information.

## The “C” Word (don’t worry – I won’t say it!!)

I am usually the first to groan when people start mentioning the “C” word at any point before the beginning of December, however, we like to keep everyone informed of what is going on well in advance.

This year we will have a shorter closure period with the office only being closed from 4pm Wednesday 21<sup>st</sup> December, reopening at 9am on Tuesday 2<sup>nd</sup> January.

## Keeping the lights on

The world of IT never stays still and that means from time to time we have to make changes to our systems to keep them compatible with the devices and software being used by our customers and end users. Recently, a few of our clients made us aware of issues when using the Client Hub system on new phones, and after investigating we found that a change made by service providers conflicted with our system. We are pleased to announce that the Client Hub system has been updated to make it compatible with the new technology. We have to make these types of changes from time to time and whilst we don’t generally publicise this work, we thought we’d take a few moments to tell you that SwimSoft Online, MOR Leisure, Client Hub and Lesson Manager are always being enhanced and managed in the background to keep the lights on!
