Jen Stoneman - Angelfish Swimmers

No judgements made. You can have a bad day and completely forget all sense and call the team - and they kindly talk you through the process of what you're trying to do, quickly grasping what you're flapping about and get you to conclusion. If they can't there and then, they come back to you with an explanation quickly. I've never had a matter unresolved! This isn't a call centre support team. This is a bespoke, personal team that knows who you are when you call and quickly log into your profile. This is what makes MOR Solutions / Swimsoft special and different from other providers.
